PRINCIPAL’S SAY

40 Bay Street
An Environmental Arts Hub for Year 9 students at Albert Park College

In an architectural studio in Collins Street a stunning education facility is quickly taking shape. Week by week, our design team is reshaping and refining the design of our innovative new Year 9 Campus at 40 Bay Street, Port Melbourne.

It is an exciting and challenging process and an opportunity to create a 21st century learning environment that will delight future Year 9 students at APC.

Its prominent location and proximity to the beach will guarantee it a high public profile as we develop a facility that will benefit both the students of Albert Park College and the wider community we live in.

The architectural design is being led by Six Degrees, cutting edge architects with a particular flair for bespoke projects such as this. Specialists in rebirthing heritage buildings, fitted out with environmentally sustainable design, they are carving out a niche as a creative architectural firm who deliver sensitive but highly original buildings. [http://sixdegrees.com.au/](http://sixdegrees.com.au/)

At 40 Bay Street they are creating a stripped back industrial design that remains true to the buildings heritage as a naval drill hall and post office, whilst incorporating a 21st century learning environment. It will feature open plan learning spaces and a technology rich environment where creativity and innovation is at the core of everything we do.
Each element of the design process is being driven by our core educational values, our desire to create a high challenge, high demand learning environment in which our students educational needs remain at the centre of everything we do. Our goal is to create a stimulating learning environment – respectful of the buildings heritage but also designing a building that has all the tools we need to teach in a 21st century learning environment.

The Environmental Arts Hub will provide a permanent home for our innovative Da Vinci Project as well as catering for all our mainstream Year 9 curriculum. Its fitout will reflect our focus on the environment and the arts and will have the look and feel of an art studio as you enter the space.

Key design elements that are emerging include: a marine education theme located in an environmental science centre, a sustainable kitchen and cottage garden, a technology rich learning environment featuring large scale multi-media displays, a purpose built art studio and a stunning new performance space. It will be a living example of a heritage building featuring sustainable design.

Currently, we are seeking support both from the corporate sector and from individuals keen to support our vision of creating an outstanding education facility. We need your support to create a truly innovative space.

The official launch of this campaign will be on Thursday March 12th at 40 Bay Street between 6-8pm. At the launch we will be unveiling the Albert Park College 1,000 Project with hopes to inspire 1,000 donations of $1,000.

If you are considering offering your support simply contact Tania Scaramozzino at reception for an invitation to attend this event.

Alternatively, you may simply want to make a fully tax deductible donation directly to the College. All support is welcome.

Steve Cook,
Foundation Principal.

Da Vinci At The Atrium

From March 23 to March 26 APC students will be showcasing work from the Da Vinci Project at The Atrium in Federation Square. The exhibition will highlight the artistic and multimedia components of the program, with representative students present to discuss their work and details of the Da Vinci Project.

The exhibition will be open from 10 - 3pm, and on Tuesday March 24 exhibition hours will be extended until 6.30pm to provide an opportunity for APC students and families to visit.

We look forward to seeing you there!
ENVIRONMENTAL ARTS HUB

A CALL FOR COMMUNITY SUPPORT

Albert Park College is one of Victoria’s leading secondary schools and prides itself on looking beyond its walls to form partnerships with the community. Together we are growing a great school and providing an outstanding education for our kids.

A significant chapter in the school’s life is about to unfold in the shape of a new campus.

The heritage listed Port Melbourne Drill Hall will soon form the centrepiece of the college’s Year 9 program focusing on an environmental arts curriculum where “making a difference to society” is the catalyst.

This hub of activity will be an inspiring and energetic facility by day where students will study and develop artistic responses to the world’s environmental challenges. Performing and visual arts will also take centre stage, as will the school’s extensive music program.

Outside school hours, the campus will be available to the broader community with the capacity to facilitate a wide range of services and activities.

To allow this exceptional facility to reach its full potential as a learning centre and civic resource, we are seeking the help of our community.

FUNDING WILL SUPPORT THE FOLLOWING INITIATIVES.

» Restoration of 2 significant heritage listed buildings
» Fitout of classrooms, library, music and art studios
» Creation of a marine science research centre
» Energy efficient features, including solar power, rainwater capture, ventilation and lighting
» Furniture and fittings with a focus on reuse and recycling
» Greening of the site including kitchen, courtyard and vertical gardens
» Multimedia and audio visual installations
» A sustainable kitchen to meet the needs of the hub’s many audiences

TO ACHIEVE THIS TARGET WE ARE HOPING TO INSPIRE

1,000 DONATIONS OF $1,000 (tax deductible)

WAYS TO BECOME INVOLVED.

A TAX FREE cash, cheque, or credit card donation can be MADE AT THE COLLEGE.

Visit www.albertparkcollege.vic.edu.au where a donation can be MADE ONLINE.

A MEETING WITH THE COLLEGE to discuss a long term partnership.

Please feel free to contact Tania Scaramozzino at Albert Park College on 8695 9000 or via email taniascaramozzino@albertparkcollege.vic.edu.au
YOUR SUPPORT CAN BE CONSIDERABLE IN MANY WAYS

» Be a leader in helping to build an education model for schools around the globe
» Be a part of developing a lasting community legacy
» Support the preservation and rebirth of a wonderful heritage site
» Nurture your environmental initiatives by helping build a place for the leaders of tomorrow to study.

The college has state of the art facilities, an exceptional 21st century use of technology, brilliant thinkers and musicians, and a hothouse of ideas available that can help foster long term partnerships that benefit all involved.

We are also very keen to cater to visiting artists, business leaders and mentors who can inspire our students.

The college is also capable of being a live case study for environmental initiatives.

FOR BUSINESSES, A RARE OPPORTUNITY EXISTS TO EXHIBIT MULTIPLE LAYERS OF CORPORATE SOCIAL RESPONSIBILITY

» Develop and exhibit a commitment to community and environmental ethics
» Drive your company culture and philanthropic endeavours to include youth oriented thinking
» Reward staff with 2 way work experience opportunities
» Promote a youthful and future focussed mindset to your stakeholders
» Realise a Triple Bottom Line – community minded, environmentally aware, financially responsible
» Make use of the schools facilities to engage with your staff, customers and stakeholders
» Use the school as a live case study
» Become part of a long term initiative that will be driven by the thirst to learn of students globally
» Add Albert Park College to your marketing mix.

THE BAY ST CAMPUS IS NOW AT STAGE 3 OF A 5 STAGE PLAN

STAGE 1 – COMPLETE
Identify and secure new campus

STAGE 2 – COMPLETE
Assign architects 6 DEGREES, who are specialists in heritage and environmental design

STAGE 3 – NOW
Seek partnerships and support to fund the development of the new campus

STAGE 4 – JULY 2015
Commence fitout

STAGE 5 – 2016
Officially open the new campus to students and the community.

» If you care about the quality of education for the children in our community
» If you care about the opportunities a public school can provide
» If you care about the arts and the environment
» And if you care about how we teach our leaders of tomorrow
» THEN we invite you to help Albert Park College to create this outstanding education precinct that will benefit all in our community.

A partnership with one of Victoria’s leading secondary schools has unending potential. We welcome the opportunity to speak with you at greater length about our long term vision and where your input and focus would be of greatest influence.

Sincerely

Steve Cook
Foundation Principal
Albert Park College

ENGAGING STUDENTS AND PROVIDING AN OPEN DOOR INTO THE COMMUNITY
Bonjour du Département de Français

Firstly, we would like to introduce ourselves as there are four new professeurs in the APC French Department. Many of you already know Brooke Ryan and also Catherine Jackson-Grose (pictured below at an APC French cultural day), our language assistant who is with on Mondays and Wednesdays.

However, you may not have met all of us. We are all very enthusiastic and proficient teachers of French and we are thoroughly enjoying working with the students at APC.

Extension programs

As in previous years, Catherine will be providing one-hour extension classes every week, at a total cost of $300 for the year. These will start as soon as we hear from interested families. This year, we are proposing two after-school sessions in the library on a Wednesday:

3:15-4:15pm for advanced/background speakers of French from Yr7-Y9 with a focus on language maintenance.

4:15-5:15pm for Yr10-Yr11 students with a focus on the demands of the VCE.

We would also like to know if there are other students at yr7-9 who are beginners (or who were beginners in Yr7 or primary school), but would like extension classes.

All classes will run depending on demand, so please email tashapaquier@albertparkcollege.vic.edu.au to express your interest within the next week, stating your child’s name, tutorial group and which group your child would like to join.

Is your child a background speaker of French? Has your child lived in France or another French-speaking country? Let us know so we can best assist them in their linguistic development.
Opportunities with our Sister School
From 10-23 March, we will receive our first visit from our new sister school, Lycée Sainte Marie du port in Les Sables d’Olonne on the Atlantic Coast of France. Tasha Paquier has been collaborating with this school for over 10 years. We have 12 wonderful host families for this visit (Merci!) but are also looking for more hosts for other visits later this year.

Could you be a host family?
Hosting does require a spare room and three meals a day, but apart from that, the visiting student would just fit in with your normal daily life. Please email Tasha Paquier if you would be interested in hosting a student from our sister school at the following times:

Mid-July to late August (approximately 6 weeks): We are expecting half a dozen 15/16yr old students to visit during their French summer holidays

Mid-late September - December: We could share this visit with a couple of families if you were interested in hosting for a shorter period. We are expecting one graduate from our sister school who will spend Term 4 with us as a voluntary language assistant. She will be 18 and her name is Malia. This will be the start of her gap year.

Senior students and travel to France
Ideally, the students who host might be interested in doing a reciprocal exchange, ie: travelling unaccompanied to our sister school during these summer holidays or even one student who may wish to do part of a gap year in France helping at our sister school. All you pay is airfare and transfers (and pocket money!) and the French host family will take care of the rest.

Junior students and travel to France
In two years time we also hope to organise a 3-week visit to France in September 2017 for the 2017 yr10 and yr11 students, spending a week in Paris and the Loire Valley, and then 2 weeks with families of our sister school. So, our younger students should start aiming for that trip now.

Merci et à bientôt,

Tasha Paquier.
APC STUDENT VOLUNTEERING

Luke PATITSIS, Campbell RIDER and Ava THORNLEY have been put to work this past week or so, volunteering at Youth Projects - feeding the homeless, sorting clothes, cleaning up, preparing snacks, at our CBD service The Living Room Primary Health clinic in Hosier Lane in the city - a free medical clinic and drop in centre for homeless youth. What a great community spirit they have and have worked very hard. Our doctors and nurses don’t have time for most of those tasks and is very much appreciated by our homeless clients.

We thank them sincerely and look forward to their further contribution over the holidays and into 2015.

2015 APC ART SHOW

In preparation for another fantastic event this year, please make note of the following Art Show meeting dates.

If you would like to get involved in assisting with the Art Show please come along or contact Trudy Rice - trudy@pdaaustralia.com - for more information.

2015 Art Show Dates:

Opening Night: Friday 16th October
Show open Saturday 17th & Sunday 18th October

Tuesday 24 March @ 7pm
The Atrium Federation Square

Tuesday 19 May @ 7pm
APC School reception

Wednesday 26 August @ 7pm
APC School reception

Wednesday 7 October @ 7pm
Venue TBC

Thursday 23 July @ 7pm
APC School reception
APC Families plays a critical role in supporting the school through parent engagement, fundraising, building community as well as building the culture of our wonderful new school.

We currently have two major fundraising events, namely the Art Show and the Trivia Night. These both require substantial parent involvement at all levels. Last year, Trivia night made $13,000 which was allocated to fixed & portable ballet barres, drying rack for art, fans for dance classes, stage lighting for Drama. The Art Show made $14,000 allocated to timber benches and stools for Art Room 20. All fund raising this year will go towards the refit of 40 Bay Street, our new Year 9 campus.

One of the other key cultural events is the Vaudeville evening where the students have a wonderful opportunity to showcase their diverse skills. This was predominantly parent driven initially but now with excellent in-house teachers, our role is mainly one of support. The aim of this evening is to not make a loss.

In an effort to bring parents and teenagers together, there are a number of parent and student hikes, some local and some overseas. All parents and students who have participated in these have raved about these trips. The next hikes will be held in March:

Years 7 & 8: 21st - 23rd March - Lerderderg Valley
Years 9,10 & 11: 14th - 16th March - Mt Stirling

Itineraries and Registration of Interest forms, can be found on pages 11-16, they need to be completed and returned to Reception by Thursday 5th March.
Another key camp which is organized by APC Families is the Snow Camp! These have grown exponentially every year and are a huge success. Watch out for the notices as the spots for both students and parent helpers go very fast! (31st August to 3rd September)

In regard to community and getting to know other parents, we have Friday morning coffee at 8.30am on the last Friday of every month. So if you can make the time to drop in and grab a wonderful coffee from the canteen, we would be delighted to meet you. These parents also arrange evening talks about cyber bullying and other relevant topics.

We run APC Families through a steering committee who support the key owners of the major projects (Art Show, Trivia night, Camps, Vaudeville etc.) and are a conduit for new ideas and opportunities. We welcome those who have the time and inclination to assist us in these key projects.

We look forward to you being part of APC Families.

If you have any queries please contact Michelle Robin at apc.families@gmail.com.

APC Families

Thank you Clair Turner

On behalf of all of us at Albert Park College I would like to thank Clair Turner for her leadership of APC Families over the past two years. The ability of families to feel part of the life of the College is extremely important to us and through Clair’s leadership we have had many opportunities to share stories and build relationships that in turn deliver better outcomes for the children who attend our College. We simply want to acknowledge the time and the commitment needed to act in this role. We appreciate everything you have done Clair.

Thank you.

Steven Cook,
Foundation Principal.
LIVE MUSIC

with Asha West and Jasper Lear

Sunday 1st, 8th, 15th and 22nd of March
From 2.30pm
Priscilla Jones Courtyard
Sunday Special Bar Snacks
Fully Licensed with beer, wine, cider and cocktails
Coffee, tea and freshly squeezed juice also available.
Families’ Hike (Years 9,10,11)
14, 15 & 16 March 2015
Victorian High Country

What
An incredible three-day walk to Craig’s Hut and King River, over Mount Stirling, which is located just north of Mansfield.

Why
So families can learn how easy, inexpensive, and fun it is to go bushwalking together. So children can learn about the beauty and wonder of Victoria’s wilderness. To offer quality 1:1 parent time for students in a challenging and rewarding environment.

Where
Craig’s Hut, a beautiful a cattlemen’s style hut on Mt Stirling, 51 km past Mansfield.

When
Saturday 14, Sunday 15 & Monday 16 March 2015 (leave Melbourne early Saturday morning, return Monday PM)

Arrangements
We will provide guidance on clothing, food, gear, and safety closer to the event.

• The hike is for APC students (Years 9 ,10 & 11) only, with each APC student being accompanied by their own parent or carer. (i.e. 1 child with 1 adult).

• Travel will be by private car to Mount Stirling, 250km north east of Melbourne (we will help connect people with cars to those without).

• The two evening meals will be catered for and cooked as a group, with each hiker bringing their own breakfast, lunch, and nibbles. Each hiker will bring their own camping gear (i.e. pack, sleeping bag, tent).

• Places are limited to around 17 students in total. A teacher will lead the hike to help wrangle the kids and lead the structured activities.

The walk
We meet on Saturday morning for breakfast in Yea @ 8am (~1.5 hrs driving).

On the first day we will walk with our gear for about 8km over Mount Stirling above the tree line and along the Clear Hills track through classic Victorian alpine wilderness, to Craigs Hut to camp for two nights (~3.5hrs walking). Craigs Hut offers astonishing views across the High Country ranges, including Mt Cobbler and beyond. On Sunday we’ll have a day trip down to the King River for a swim and lunch (~4hrs return). On Monday we’ll return to our cars.

The walk is through beautiful open alpine high country, relatively flat along the tops meaning it is exposed to the elements, rated easy/moderate.

Estimated Cost
The hike fee will be around $95 per person (subject to numbers). Please allow for transport costs, your own breakfast and lunch and all your gear above that amount.

Queries
For more information contact James Wallace-Smith (a teacher) at the school on 8695 9000 or jameswallacesmith@albertparkcollege.vic.edu.au).

Registration of Interest
To register your interest, please complete the form overleaf and hand it in at the school office no later than 12:00 noon on Friday, 27 February. If the interest exceeds the number of places, short-listing will have regard to transport logistics, the diversity of the group, and students’ ability to cope with missing classes on the Monday of the hike.
In March 2015, a group of 18 APC Parents & Students went up to the Victorian High Country to commence a 3-day trek. Fortunately, for all involved, the weather was perfect, the views amazing and the hike was a great success.

Craig’s Hut was our destination, which is the hut used in the movie ‘The Man from Snowy River’. The first night we actually spent camping out the front of Craig’s Hut, which had amazing views of the valley below and we were treated with a spectacular sunrise and sunset.

Although the track was challenging and steep at times, it was well defined and we had numerous stops along the way. The incredible views were also great distraction...

The second night was spent at Wallace Hut, just near the summit of Mount Stirling. Some students actually slept in the hut!

In addition to the hiking and the views, we also ate delicious food, which was cooked on our campfires, heard some well-known ghost stories from the region, played games and enjoyed the fresh air. We also made some great new friendships along the way, which is also a wonderful aspect of these APC hikes.

*James Wallace Smith, 2014 Hike Leader,*

Families’ Hike (Years 7 & 8)  
21, 22 & 23 March 2015  
Lerderderg Valley

**What**  
An accessible three-day walk down the Lerderderg River.

**Why**  
So families can learn how easy, inexpensive, and fun it is to go bushwalking together.  
So children can learn about the beauty and wonder of Victoria’s wilderness.  
To offer quality 1:1 parent time for students in a challenging and rewarding environment.

**Where**  
Lerderderg State Park, 88km north west of Melbourne

**When**  
Saturday 21, Sunday 22 & Monday 23 March 2015  
(leave Melbourne Saturday morning, return Monday PM)

**Arrangements**  
We will provide guidance on clothing, food, gear, and safety closer to the event.

- The hike is for APC students (Year 7 or 8) only, with each APC student being accompanied by their own Parent or Carer. (i.e. 1 child with 1 adult).
- Travel will be by private car to the Lerderderg State Park, 80km north west of Melbourne via Bacchus Marsh (we will help connect people with cars to those without).
- The two evening meals will be catered for and cooked as a group, with each hiker bringing their own breakfast, lunch, and nibbles.
- Each hiker will bring their own camping gear (i.e. pack, sleeping bag, tent).
- Places are limited to around 17 students in total. Teachers will join the hike to help wrangle the kids and lead the structured activities.

**The walk**  
The Lerderderg River has cut a 300 metre deep gorge with vertical rocky cliffs up to 60m high. The area is dominated by long narrow ridges and steep dry rocky spurs. There are deep pools along the river for bathing. The walk is rich with gold rush relics, mines, aqueducts and ruins. We will cook gold rush damper on open camp fires, wash in the river’s pools, carry all our own gear, and sleep in hike tents.

The three day walk will average a short ~5km per day, allowing time for a leisurely lunch by the river, relaxation at our destination, and maybe a swim. The route follows the gold miners’ mule trail and water race, so is mostly flat.

Although generally flat along the river, the track is rugged, rocky, ferny and overgrown with fallen trees, with ups and downs over rock outcrops and loose shale. It is true wilderness.

**Estimated Cost**  
The hike fee will be around $85 per person (subject to numbers). Please allow for transport costs, your own breakfast and lunch and all your gear above that amount.

**Queries**  
For more information contact David Burdett (a parent) dburdetarchitect@gmail.com or 0419 138 942, or James Wallace Smith (a teacher) at the school on 8695 9000. jameswallacesmith@albertparkcollege.vic.edu.au.

**Registration of Interest**  
To register your interest, please complete the form overleaf and hand it in at the school office no later than **12:00 noon on Friday, 21 February**. If the interest exceeds the number of places, short-listing will have regard to transport logistics, the diversity of the group, and students’ ability to cope with missing classes on the Monday of the hike, with a preference given to Year 7.
2013 Families’ Hike Report

The March 2013 walk was a great success.

The Lerderderg Valley is not well known and we saw almost nobody else in our three days. So we secured two great campsites to ourselves where we lit camp fires and cooked our dinners on the open flames.

Although the tracks were generally well defined, there were a few rough sections and obstacles we had to contend with, plus a couple of steep climbs, but nothing held the group back. The group all took the challenging track in their stride and we never heard anyone complain, just laughter and smiles the whole way.

In addition to the hiking, camping and eating delicious food, the group also panned for gold, swam in the river, explored old ruins and listened to ghost stories from the region.

James Wallace Smith, 2013 Hike Leader,
Families’ Hike (Year 7 & 8)
21, 22 & 23 March 2015

South Melbourne Districts Junior Football Club 2015

ONLINE REGISTRATIONS NOW OPEN

BOYS/YOUTH – U8, U9, U10, U11, U12, U13, U14, U15, U16, U17

GIRLS – U10, U12 (and older if numbers allow)

PRE-SEASON TRAINING STARTS 10th FEBRUARY

The South Melbourne District Football Club, commonly referred to as the 'Bloods', is one of the oldest football clubs in Victoria, playing its first game in 1912. Our club includes Auskick, Junior Boys/Girls and Senior Football. We’re part of South Melbourne District Sports Club, also playing junior cricket, and junior and senior athletics.

We participate in the South Metro Junior Football League and the club has developed in stature as a great club, on and off the field. We train mostly Wednesdays and play Sundays. The season begins in April.

Our ground is located at the Clarke Shields Pavilion, Oval No. 11, Aughtie Drive in the Albert Park Reserve (also being used by APC for school sport from winter 2015)

We encourage everyone in the local area – especially APC students and their families - to take an active role in sport and their community, by joining us as players, coaches, volunteers, supporters – or spectators.

The Club accepts online registrations and these are now open for all age groups for 2015.

To register, go to http://smdsc.com.au/junior-football

- Locate the heading JUNIOR FOOTY IS NOW OPEN FOR REGISTRATIONS and click the link below to register
- Payment can be made by MasterCard or Visa

For any enquiries or other issues regarding registrations, please e-mail The Registration Manager (Bronwen Slater) registrar.juniorfooty@smdsc.com.au

If you need any other information please contact a football operations manager:

U8 – U9 – U10  Brett McKenzie  0402 001 100  juniorfootyoperations@smdsc.com.au

U11 – U12 – U13  Bruce Plant  0407 531 018 or bruce.plant@gmail.com

U14 – U15 – U16 – U17  Scott Carter  0425 804 040 or scottmcarter@me.com

Girls  Adam Williams  0408 700 082 or adam.williams@morgans.com.au
