Every Year 12 student greets the end of the year with a mixture of elation and nostalgia.

At Albert Park College this was a particularly poignant time, as it marked the completion of six years of schooling for our foundation students.

We have a special bond with this group as we have grown the College together from day one, and so, we marked this occasion with a celebratory breakfast.

Significantly, this breakfast included our foundation parents and it is fair to say that this was quite an emotional event.

It was an opportunity to relive our shared experience in growing and developing Albert Park College from its humble beginning, of one hundred and fifty students, to a fully developed college of over a thousand students today.

This event was an opportunity to thank both our foundation parents and students as well as celebrate the experiences we have shared together.

The overwhelming emotion at the breakfast was the sheer sense of pride we feel in what we have created together as a college. As well as the leading role our foundation students – and parents - have had in the shaping of Albert Park College’s culture and reputation.

We will always honour and fondly remember the commitment that you have made over the past six years.
Following closely on the heels of this event was the commencement of the Year 12 exam period. Last week our students queued up for the Year 12 English exam. It was hard to escape the feeling that we were creating history as our students filed into the assessment centre.

The effective use of the exam period is critical if our students want to achieve the best possible result. It is important that every child settles into a routine of study, with a designated study area and the opportunity to embed their knowledge of each subject area. The completion of past exams is an important part of exam preparation but only if students seek feedback and support from their teachers.

It is important to note that all our VCE staff are available to support your child throughout the exam period, both at school and through e-mail. They are here to help!

We also need to ensure that they retain some balance in their day, with regular exercise and meals. A regular sleeping pattern enhances each student’s ability to achieve a good result.

The final event on the VCE calendar will be our inaugural Presentation Evening. This event, to be held at the St Kilda Town Hall, will be an opportunity to honour the work of our foundation VCE students. It is our chance to formally say goodbye in an environment that will showcase the talent and character of the students of Albert Park College.

Steve Cook
Foundation Principal
Year 12 Breakfast

Finishing Year 12 classes is an exciting occasion for any school student. On Wednesday October 19th, we recognised the work of our Foundation Year 12 students, as their families and teachers came together for the Albert Park College Year 12 Celebration Breakfast. One of the most exciting things about working with our senior students this year has been to establish College traditions which will continue into the future.

The breakfast was a wonderful occasion for the College, allowing us the opportunity to honour the contributions and experiences of the graduating year, and to thank the families of our students, who have supported them throughout their schooling.

Congratulations to our Year 12 students and we wish you best of luck for your remaining exams.
Art Show 2016

As part of our annual Art Show, each year we hold an education day, which focuses on providing students with the opportunity to participate in artistic workshops with professional artists and creators.

This year we were delighted to welcome painters Mic Crowley and Julian Twigg to our new bay St campus where they spent a glorious sunny afternoon working with some of our Middle Years students. Professional photographer Simon James also shared his knowledge with some of our students in a specialist photography workshop, providing some of the secrets as to what makes an outstanding image.

Both students and staff enjoyed and learnt from these experts, and we thank them for giving so generously of their time.

We were also excited to experience two new activities this year. Parent Nigel Dalton and his team from real estate.com.au brought to us a range of virtual reality hard and software for our students to experience creating in a virtual space. This proved enormously fun and opened our eyes to the ever-growing possibilities technology brings to creative endeavour.
Mercedes Benz Melbourne became an Art Show sponsor for the first time in 2016 and were generous enough – and brave enough! - to lend us a Mercedes ‘canvas’ upon which to create. Painting our Mercedes Masterpiece, pictured here, was an exciting undertaking by our Senior Years students, and the car proved a smash as it graced the footpath outside 40 Bay Street for the duration of the Show.

As our Art Show grows each year, we are reminded of the huge part our community play in its success. From cake baking to wine donations, running the bar to running artistic activities, we are extremely fortunate to have the support of our APC community. Hopefully you enjoyed the event as much as we did!
Film Festival

A part of the Art Show, we held our 2016 Film Festival. The formal screening was held at 1pm in the Bay St science room, behind the main exhibition space.

We had some amazing entries this year so with amazing support for our brilliant filmmakers. All work was of a very high standard, our judges were very impressed, and amongst these pieces were some truly amazing films. Click on the images to view the films! Here are the winners:

Best Picture
Jordan Benjamin (Short Term)

Best Technical Achievement
Robert Hess, Felix Wilkins and Jack Bailey (Blank Banshee)

Best Cinematography
Oliver Marks (I Forgot, Potestatum)

Teacher’s Choice Award
Ellen Waite and Staci Barr (Mad As They Come)

Year 9 Menu on Compass

The Year 9 cafe menu will soon be available on Compass each weekend for parents to view. This can be found under the community news feed on Compass. Check it out!
On Sept 14 and Oct 5, the Year 10 Food Technology students put on the annual Albert Restaurant Nights for family, friends and a few lucky staff. The 10 week project required students to design a fine dining restaurant to showcase their culinary skills, professionalism and knowledge of the trade.

Students each designed menus of their own, which were inspired by seasonal produce in Victoria, and eventually voted amongst both classes for the two menus that suited the restaurant best.

We voted on a Contemporary Italian Menu and a Modern Asian menu that were served alternate drop. Students spent the remaining weeks trialling recipes over and over again to get it ‘just right’, taking into consideration flavours, plating and seasonal ingredients. They also applied for front of house and back of house jobs and were interviewed for their roles.

The APC kitchens were transformed into a professional kitchen, where the executive chefs lead their team in producing beautiful dishes. The drama space was transformed into an elegant dining space with live music and bar.

The two adrenaline fuelled nights were a great success! The food was sophisticated, service was professional, the music was beautiful and the kitchens ran with minimal burns, cuts and scrapes. A great team effort from the Year 10 Food Technology students.

Thank you to all the guests that attended and supported!
Viktor and Rolf at the NGV

On Thursday the 20th of October, a group of Year 7 students attended a special media preview of the Viktor and Rolf Exhibition at the NGV. They were the first young people to see the Atelier Viktor&Rolf for Kids part of the exhibition, which is an interactive space designed especially for children and families. In this space, the students created beautiful neck collars and cuffs inspired by the designers work. I think it is fair to say that APC may have some budding designers to watch out for!

Mid Summer Nights Dream SEAL Excursion

As part of the Year 7 SEAL curriculum this term, we have been studying Shakespeare’s A Midsummer Night’s Dream. We were fortunate enough to get the chance to see the Bell Shakespeare Company perform Midsummer Madness, their 50 minute version of the play.

The actors did a brilliant job of transporting us into the world of the fairies, lovers and mechanicals, creating an entertaining and mysterious atmosphere through their remarkable use of props and of course, their superb dramatic talents.

We all agreed that it was an exceptional performance, and a great way to start our unit. Seeing the play gave us the chance to gain a clearer understanding of the story, which has made studying it much more entertaining! Overall, this excursion was an amazing experience and the perfect way to begin our study of A Midsummer Night’s Dream. Thank you to Ms Flood and Ms Langdon for organising our day out!

By Bonnie Sheppard 7JC
Camps!

Year 10 Camp - Lord Sommers Camp

In the second week of October over 100 Year 10 students and six teachers travelled down to Lord Somers Camp on the Mornington Peninsula.

Despite the ominous weather and strong chance of rain, students were excited to get down to the beach and begin a timetable of eight activities. Students took part in stand-up paddleboarding and surfing lessons, barista training, an Indigenous food and culture walk and screen printing lessons. One of the real highlights of the week was the enthusiastic participation of all students in the range of activities and in the daily routines of running the camp. It was great to see students catching waves, paddling upstream and making amazing cups of espresso coffee for their thirsty teachers. Also impressive was the way in which APC students took our positive school culture down to Somers and supported each other to get the most out of the Lord Somers experience.

At the end of the Camp and as the Sun finally emerged, tired but happy students made their way back to school with that warm feeling of knowing each other, their teachers and themselves a little bit better after a week of being together. A huge thanks must go to the teachers on the trip and to Lord Somers staff for ensuring all students had a great time. Students will no doubt remember the trip as a highlight of the year as they move towards exams and Work Experience at the end of November.

Mr Duncan Box - Camp Leader
Word Challenge Borneo

Landing in Kota Kinabalu, 11 excited people - two teachers and nine year nine students - stepped in to the humid air of jungly Borneo. After two incredible days exploring the city, we climbed aboard a bus heading to the Crocker range jungle where we completed a 3 day hike. The hike took us through wild terrain, passing massive fruit trees, groves of bamboo and saw us regularly brushing past tree branches with leaves the could grow four times their normal size due to the heavy rain fall that occurred every afternoon.

After hiking all day we arrived at our camp site to set up our beds for the night, which where hammocks! Sleeping in a hammock was an experience in itself; rocking away under the stars to the sounds of the jungle around us was incredible. After the hike we all enjoyed the exhilarating zip lining and high ropes course. We then put on our swim gear and headed down to the Sungai Padas river where we dived head first (metaphorically of course) into white water rafting, emerging damp and tired but ready to continue on to the Sun Bear Conservation Centre.

Near the end of trip, we travelled 6 hours to Sepilok to volunteer at the BSBCC (Borneo Sun Bear Conservation centre) and it was amazing! Everyday we were woken up to the birds and insects outside and then we went down for breakfast and left for our day at the centre. Being out in nature and surrounded by not only the sun bears but also the Pygmy Elephants and Orangutans was such a surreal experience! We helped by doing some heavy lifting and painting and whilst we were there we also adopted a bear named Kudat which was awesome.

The whole trip was incredible, we learnt a lot about leadership, the environment, language and culture and being at the Sun Bear centre was a great experience, we enjoyed every minute of it.
French Immersion Study Tour en Nouvelle Calédonie

Mr Cook, Ms Garner and Ms Paquier would like to congratulate the 22 students and the parents who accompanied us on APC’s second highly successful French Immersion Study Tour en Nouvelle Calédonie. Students and parents alike studied French every morning and then put their language skills into practice on the streets of Nouméa: getting directions, ordering meals, chatting to locals and learning about indigenous and colonial culture in Nouméa. You’ll see from the photos below that the flora, fauna, beaches and other sites are absolutely spectaculaire.

Thanks to students for contributing their photos. Do have a look at the website of Freya O’Donnell (Yr9 Arts Hub student) for a vast array of très belles photos.

Debating and Public Speaking Report

The Junior Debating Competition is in full swing with teams from Albert Park College competing against other schools in our region. In the last round, one team lost by a point and the other won by four points, beating St Leonards College. These teams are now preparing for their last debate on the topic ‘That parents should have access to their children’s social media accounts’.

Ellen Waite, year 11, attended the Debating Association of Victoria Awards Evening on Monday 17th of October. Ellen placed runner up in a state wide public speaking competition and is to be congratulated for this outstanding achievement.

Next year, Albert Park College will be running a debating and public Speaking elective for year 7 students. We are proud to provide students with the opportunity to equip themselves with key 21st Century skills as they prepare to become tomorrow’s leaders.
Sports

Aerobics

We have had some amazing days of Competition Aerobics this year! All the girls performed really well, in particular Lili and Iris from Year 8.

At the State Championships the girls were in a section of 37 teams and during heats they placed 14th overall, which qualified them for finals. I was extremely happy with this result but things got even better: The girls performed so well in their finals routine that they ended up coming 4th in Victoria overall!

The placing earnt them a spot at the National Championships to represent APC and Victoria in Bendigo at the end of Term 3.

Iris and Lili from Year 8 did exceptionally well at the AeroSchools National Championships in Bendigo. They delivered a great performance and placed 8th (out of about 20 teams) in Australia!

Fantastic effort girls!

Ms Alice Stooke - Aerobics Teacher

Basketball

Congratulations to the following Yr 7 Girls for qualifying for the State Basketball Finals, what a fantastic achievement!

Good luck for the game on November 14th!

Snowboarding

Congratulations to Llywyllyn McDonald who placed 13th at the Snowboarding Nationals at Perisher. Here he is at the top of the Snowboard Slopestyle Course.
Athletics

It was a beautiful sunny day at Casey Fields, where 16 students participated in the Regional Athletics Finals.

We were off to a bad start when a truck broke down on the freeway grinding traffic to a halt. Pushing through adversity we arrived just in time to make the first race - the 3000m open event.

All day, from the track to the field, we were well represented by all participants, with Reece Longstaff and Tom Foley reaching the State Finals in high jump and javelin respectively.

All of the students represented Albert Park College with a strong sense of pride and a fierce competitive nature. Final results are below.

Mr Nick Richards - Athletics Teacher

**Under 13s**
Paddy Twigg - 2nd in the Discus.
Mack Burdett - 5th in the 800m; 7th in 1,500m.
Harrison Raynor - 10th in the 800m.

**Under 14s**
Reece Longstaff - 1st in High Jump; 4th in 100m.
Paddy Freemantle - 4th in the 1,500m.

**Under 15s**
Mitchell Waring - 3rd in the 1,500m; 4th in the 3,000m.
Nayley Borg, Tallie Collins, Tanaya Doluner, Coco Koman - 4th in 4x100m Relay

**Under 16s**
Tom Foley - 1st in the Javelin.
Laure Petrie - 3rd in the High Jump.
Mia Dorge - 3rd in the 90m Hurdles
Jayde Cosford - 9th in 1,500m.

**Under 20s**
Oskar Shrewder - 5th in the Discus.

Chess

On 10th October Thomas Dolan, Sasha Anderson, Daniel Roisman and Jack White represented Albert Park College at the state finals in chess. This was the first year that the school competed in inter-school chess. It is a great achievement for these students to have represented APC in the state finals as only 26 schools in the state made it there.

Well done again and we are looking forward to having a larger chess team next year. If you are interested in taking part in an inter-school chess tournament next year please let Miss Roberts know.
Incursions

Impressionist Excursion

On a recent Monday morning, Mr Stanecki’s Year 7 Impressionist Art class took an excursion to Julian Twigg’s studio at the Gatehouse on the pier. Julian is APC’s current artist in residence and is represented by one Melbourne’s best commercial galleries. His work has been included in numerous collections, notably the National Gallery of Australia in Canberra.

Following a tour of the studio, students gathered in groups on the pier selecting various viewpoints to paint. In a previous lesson students had explored ‘plein air’ drawing both on the beach and at Gasworks Park. Now the class faced the challenge of painting outdoors. Students were encouraged to complete their paintings in one sitting and embraced the opportunity with feedback from Julian, Mr Stanecki and myself.

The resulting canvases surprised both students and teachers alike. Despite having only primary colours, students applied their prior knowledge of colour mixing and produced complex and subtle hues relevant to the location.

When asked to compare painting outdoors to being in the classroom, several students described the immediacy of the elements and how being on location enabled better observations. Others remarked on the transience of the sky and passing ships they had chosen to paint and the urgency to capture the moment, as true Impressionists. The added bonus of a professional mentor facilitated one-to-one learning opportunities and validated art as a possible career path.

Suzanne Playfoot - Parent

Robotics Incursion

As part of Science Week, all Year 9 students at Bay St participated in a Virtual Robotics incursion. The InnovateTech team visited our school and taught us how to navigate a virtual robot through a maze using time, distance and estimation. We used the free app Virtual Robot - anyone can download it and play and learn coding through this! It was heaps of fun and students thoroughly enjoyed this coding activity. An important part of the learning process was that we failed fast and learned fast, and as we persevered we achieved success.

Will Hurley and Julian Bonitz
Battle of the Bands

When setting up on the morning of Battle of the Bands, Mr Gourley’s excitement was contagious. The stage was set up, and all the necessary instruments, stands, cables, and cords were finally in place. Chairs and benches surrounded the stage and it was clear that the crowd were in for a special event at APC.

After recess and a slow third period, lunch was finally here and excitement was brewing. The first band was getting ready to take the stage and the crowd was buzzing. We were blown away by our massive audience, ranging from Year 7s to Year 12s, who filled the courtyard. This really showed how successful the event was; such a great level of student support was clear.

After an afternoon of fantastic music by some great bands and performers, with hosting and interviews by Mr Zisin in between, the performances were finished. After deliberation between Mr Gourley, Mr Zisin and the two music captains Hayley Trinca and myself, it was time to announce the winners.

• **In first place came Trampoline Death Machine:** Sam Flood (FRE), Sol Rumble (WIN), Joe Graziani (FLAN), Lachlan Rowles (FLAN), Leo Naylor (WIN).

• **In second were The Bluejays:** Charlie Edwards (FLAN), Sol Hopkins (FLAN), Samuel Moren-Proudlove (WIN), Henry Mathison (FLAN).

• **And in third came the humorous performance from The Beard(less):** Graydon (FLAN) and Andres (WIN)

Congratulations to all involved and the winners of APC’s Battle of the Bands 2016, Trampoline Death Machine!

*Lily Ward (Junior Music Captain)*
Bay St Film Shoot

On Tuesday September 6th a group of 20 students from Years 8 & 9, had the privilege to be featured in a teaser trailer for a new documentary production titled ‘2040’ made by Damon Gameau, who is known for the very successful, ‘That Sugar Film’.

At the end of the school day we met at the Bay St Campus and waited in the drill hall for Damon and his film crew to arrive. Once they arrived, they quickly got to work setting up one of the science rooms, making it look like a classroom of the future. This involved laying plants everywhere and using a box which emitted a blue glow to create a hologram display from which a student could present. Once this was completed we took our places sitting on various stools and tables as the crew decided upon the various camera angles and lighting arrangements. Finally, we got to the actual filming.

Jensen was chosen to be the student presenting. After many takes from many angles the crew were finally satisfied that they had enough to work with. After this we headed back to Danks St where we filmed a meditation class. For this we all sat in front of the plant wall on the second floor and pretended to meditate whilst Damon and his crew filmed us from various angles.

The whole experience was both very enjoyable and an eye-opener to the inner workings of the filmmaking process. It was also very interesting to meet Damon and to get a sense of what his current movie project is about. With a bit of luck we’ll see some familiar faces in Damon Gameau’s upcoming film!

Oscar Pearce - Year 8
French

New Greetings

Félicitations Madame Deal et Bienvenue Monsieur Boureau! The French Department is very pleased to announce the safe arrival of Madame Deal’s soon-to-be-bilingual bébé, Rémy. And taking over her classes is the newest addition to the French Department, Monsieur Thomas Boureau, who has come to work at APC after 6 years at our sister school Lycée Sainte Marie du Port. He has extensive experience and skills in language teaching and ICT. Bienvenue, Thomas.

Une nouvelle assistante

We are also lucky this term to welcome Margaux Balle-Pierre, who will be working in a range of classes as a voluntary language assistant until the end of the school year. Margaux has just graduated from our sister school and is starting her gap year with us. Merci d’avance to the families of Emma Boyall, Alice Langton and Eloise Larkin who will host Margaux during her stay.

Bon courage les Années 12

Dedicated Assistante, Catherine Jackson-Grose, who has worked with the Year 12 class since they began in Year 7, and Madame Paquier are incredibly proud of the efforts of the Year 12 French class.

They all came out of their final oral exam on 5 October smiling and proud of their achievements. Despite the stress of the final exam preparation, there have been some real highlights for the Year 12s, like the French song and dance performance at the final assembly, as well as other events below.

Ms Noelens’s Presentation

Ms Noelene Bloomfield from the University of Western Australia presented an exclusive and fascinating lecture in French to Year 12 students, discussing her recently published and exquisite text L’Australie des explorateurs Français, which examines how, thanks to varied French explorers, Australia was almost French. Merci to Aileen Boyd-Squires for making this opportunity possible.
Senior French Success in the Statewide Concours Berthe Mouchette

Results have just come through from the Alliance Française for students who competed in the Statewide Concours Berthe Mouchette.

Encore félicitations to our Year 11 and 12 participants who ALL received at least one ‘Mention Bien’ (Credit/Honours level) or higher certificate in the competition.

Special mention must be made of Olivia Petrie, Grace Kelly, Chelsea Saw, Paris Scott, Alexandra McFarlane (French Captain) and Kate McKenna who received ‘Mention Excellent’, only one place away from being finalists.

Emma Launder (French Captain), Alexis Chabrol, Lydia McKeown-West and Leon Fricker received ‘Mention Brilliant’ and as such were finalists, putting them in the top 1% of the 2,000 participants.

And for the first time in APC history, Leon Fricker was nominated as a prize winner in this prestigious competition, being placed 3rd in Victoria.

He will be presented with his prize at an awards ceremony in November.

The Honorary French Consul, who will present his award, will also recognise Leon thanks to his prize winning achievements in another statewide French competition earlier in the year. Quelle réputation!

All students should be proud of taking on the challenge in a tough competition.

Au Revoir Year 12’s!

Below, in their last French class, the Year 12s reflected on the many great reasons they chose to study a language: ‘to understand and really communicate with people from another culture’, ‘to open more doors to work, study and travel’, ‘to allow me to read literature in it’s original version’, ‘to better understand my own language and culture’, ‘to be a more open-minded and interesting person’. What a great summary :-)

During Terms 3 and 4, all students in Year 9 have had workshops as part of the Start Smart Programme. This programme aims to improve financial awareness to enable students to make positive and more informed choices. The workshops covered workers rights, an introduction to taxes, creating a saving habit, considering spending influences and how interest on bank accounts and borrowing works.
Recipe Corner

Welcome to the fourth edition of the Food Technology Recipe Corner. This month, we focus on the Year 7’s who are learning about the European influence on Australian Cuisine.

By the end of this lesson, students should have an increased awareness of the contribution of Southern European immigrants to the Australian cuisine, with a particular focus on sweet foods.

Recipe - Rugelach

**Dough**
- 60 grams butter
- 1/3 cup sour cream
- 1 egg
- ½ teaspoon vanilla essence
- 1 ½ cups plain flour

**Filling**
- 1 tablespoon castor sugar
- ½ teaspoon ground cinnamon
- ¼ cup jam
- ¼ cup sultanas

**Method**
1. Preheat oven 200 degrees.
2. To make dough, using electric mixer, beat the butter, sour cream, egg and vanilla until combined. To make the filling, combine the sugar, cinnamon and sultanas in a bowl.
3. Divide the dough into two and roll out each piece on a lightly floured bench to circles 22cm diameter.
4. Spread the jam over the dough, leaving space in the middle.
5. Scatter the sugar and sultana mixture over both rounds, more to the outer edge.
6. Cut each round into 8 wedges, roll each wedge towards its point to enclose the filling.
7. Place on oven tray lined with baking paper.
8. Brush with egg and milk.
9. Bake for 15 mins until lightly golden, dust with icing sugar.
10. Using a knife, gradually add the flour until mixture forms a dough, turn onto a lightly floured work surface and shape into a ball.
APC Families

APC Families Christmas

APC families Xmas Gathering will be held on Thursday 15th December 2016 from 6.30 pm at the Gatehouse, Princes Pier. Save the date. BYO a plate of food to share and something to drink for your family. If the weather is warm the kids will enjoy the beach whilst parents catch up on the top level with fabulous views across the water!

Looking forward to another enjoyable end-of-year evening. Please encourage any new parents/carers to come along as well. All families welcome.

APC Families Weekend Away

The APC families weekend in November is held for students and parents to get away and relax by the beach whilst catching up with friends. It is also a wonderful way to meet and welcome new families, especially those new to Year 7.

Our destination is the Anglesea Beachfront Family Caravan Park (ph 1800 040 455 or 52 631 583) where there is plenty to do regardless of the weather. A variety of camp sites and cabins are available. Dinner on Friday night will be at the Anglesea Hotel. A relaxed bring-a-plate bbq dinner is held at the big campsite kitchen on Saturday night, and brunch at the Anglesea Lifesaving club on Sunday.

Let’s enjoy Anglesea, soak up some sun, swim, surf and socialise. Please mention you are with APC when you book and also email Teenalboz@gmail.com so we can confirm numbers.

Fri 25 – Sun 27 November 2016

Bike Engraving Sessions

The College has been running lunchtime bike engraving with Victoria Police. Engraved bikes are less likely to be stolen and if stolen more likely to be returned to their owner when found.

Students are encouraged to record a driver’s licence number on their bike, come along for advice on sturdy bike locks and on servicing and maintenance.

Next session dates TBA for all things bike.
Our Amazing Music Teachers

At APC we have a range of active music staff who have had an exciting array of performances, tours and music releases that are worth celebrating! Click on the photos to go to their websites.

Hannah Cameron: Voice & Composition Teacher

Hannah Cameron is one of APC’s voice teachers and has just returned from a recent tour to Japan with Melbourne band On Diamond. As part of the tour she played shows in Kyoto, Matsumoto and Tokyo. Hannah also performs under her own name and is in the process of recording her second album. You can visit her website for info on upcoming shows and recordings.

Matt Dixon: Guitar and Music Technology Teacher

Guitar teacher Matt Dixon is an active guitarist and session musician touring nationally and internationally with regarded Melbourne singers and bands. He has played roles in releases that have seen glowing reviews from The Age, Henry Wagons (Double J), Maddy Mac (PBS), and Paul Gough from the ABC’s ‘Inside Sleeve’. This year he has toured nationally with Josh Rennie Hynes, Broads, James Kenyon, Wallflower, Tobias Hengeveld, and Emilee South.

Xani Kolac: Violin and Viola Teacher

At the beginning of October, Xani Kolac - our violin/viola teacher here at APC - took a trip to Nashville and New York City. While in Nashville, Xani got to see lots of country and Western Swing music. She even had a violin lesson with Buddy Spicher who used to play and record with Elvis, Johnny Cash and Ray Charles. Xani had the great opportunity to play a couple of gigs while in New York City and has been invited to perform when she returns mid-next year.

Christopher Port: Drums & Percussion Teacher

Christopher has recently released his EP Vetement
South Melbourne Life Saving Club invites you to attend:

OUR SEASON OPENER!

Sunday 13th November 2016, 1pm to 5pm

To celebrate our involvement with our lifesaving organisations, this year is 125 years of Royal Life Saving. As such, we will be photographing a 125 HUMAN BANNER and we want you in it!!

Please be part of our history, and wear RED, WHITE &/OR GREEN and take part in our photo at 2pm!

We will be running a BBQ for the day, selling beverages from the balcony and there will be a jumping castle on the beach" (gold coin donation)

We would love to see you all there. If you have any questions, contact Alison: clubcaptain@southmelbournelsc.com.au or 0407 128 303

---

BRAND NEW TO ELWOOD FOR GIRLS!

This session will include skills, drills & actual games.

Grab a friend, come & try for FREE,
Sunday 13th November 3.45pm – 5pm
This session will include skills, drills & actual games.

If you like it and want to register, OR want to see what its all about go to www.viva7s.com.au

Dates - 20th Nov, 27th Nov, 4th Dec, 11th Dec
Sundays - 3.45pm – 5pm
Cost - $40 per player for 4 weeks
Location - Elwood Esplanade Park (Mel P57, C5)
Contact - Sue Cox 0407 123 090
